Speaking for the Administration . . .

We at Cooley High School are proud and pleased to make available through our excellent publications staff the twenty-sixth volume of the Castellan. Together with the Cardinal it is the most accurate record of student activities which may be made available for public review.

It is very reasonable that this volume be dedicated to Miss Mary Farnsworth, who has made such significant contributions to the school and the community. We extend to her our most sincere appreciation and best wishes for health and happiness to carry on her many interests in the civic and social life of our city.

To all our students a safe and happy vacation.

To Miss Farnsworth

Cooley High School proudly dedicates the 1954 Castellan to Miss Mary Farnsworth, who represents so well the finest values in American civic and professional life. Her leadership over the years reveals such varied activities as the State Board of Education, Y.W.C.A., Association of Deans of Women and Counselors of Girls, Nurse Procurement Committee, Detroit Association of University of Michigan Women, and Central Woodward Christian Church.

Those chiefly benefited by her breadth of service have been the students, faculty, and alumni of Cooley High School, who for many years have relied on Miss Farnsworth's sympathetic, reasonable, and intelligent direction as assistant principal.

Giving Friendly Guidance

The school homes of Cooley students are their study halls. Here students plan for their future occupations and here, regardless of the great number of students, they are able to talk over their problems personally with their counselors. What are the proper courses to suit their individual requirements and what electives will be of the most use in developing their talents are but two of the many questions that counselors ably answer.

"Stars and Stripes"

Two of the most popular clubs at Cooley are the GAA and C Club.

The C Club, composed of all male letter winners, features the rollicking C Club Show, joint meetings and parties with the GAA, and many money-making projects.

The GAA, with its many parties, picnics, and dinners, offers all its members a grand time. The high spot of the year's activities is the Awards Banquet, which takes place in June.

Rise in Sportsmanship

Headed by its recently acquired mascot, Governor, Cooley's school spirit has risen to a hitherto unknown level. As the symbol of our spirit, the Cardinal has pepped up our rallies and raised attendance at all sports events. Students have attended more events, even those which usually do not draw large crowds. Let's have a big C—O for Governor.

Hey Rah!

Last fall Cooley's football team was much improved over previous grid elevens. Although they started off slowly with a loss to Chadsey and a tie with Mackenzie, when they did get in the groove they stayed in for the next four games by winning them all. However, in their last game of the season they were upset quite abruptly by Northwestern.

V-I-C-T-O-R-Y

Led by two outstanding dribblers, the quintet captured numerous honors. Co-captains Larry LaVercombe and Chuck Turner led the Metropolitan League in scoring, with 200 points each. During the Redford game, Larry broke the city record for individual scoring with 53 points. Both co-captains gained all-city positions and Larry was all-state center.

Included in the wide scope of girls athletic events is the golf team. The divot-diggers, coached by Miss Irene Lampkin, continue to practice late and to play tirelessly. These golfers who are teeing off for Cooley merit our support and appreciation.

Reach and Lunge!

Two girls' sports which are equally appealing are fencing and tennis. This year's fencing team was third in the state and also placed two girls in the state semi-final meet. With the previous season's record of no losses to spur them on, the 1954 tennis team again maintained their usual high rank among the city's best.

Castellan Editors

Watch birds are watching . . .

"Another year, another memory" goes the old saying, and this year's Castellan staff is trying to make them lasting ones. Busily snapping pictures of the various school groups and gathering scores of the sports events, the five reporters, headed by Co-Chief Editors Sylvia Wallace and Marilyn James, are constantly working to meet their deadlines. When the yearbook finally goes to press, the staff can rest . . . until next deadline, of course.

Even with all the fun and pranks which are a part of the atmosphere in the Cardinal office, the staff still manages to put out one of the finest high school newspapers in the United States. This year, as in the past six years, the Columbia Scholastic Press Association conferred the Medalist Award on the Cardinal.

Extending service freely

"Service with a smile" might well be the motto of Cooley's three service groups, the hall guides, air raid corps, and stage crew. Freely giving of their time during and after school, these students do the little jobs necessary for the operation of the school. Special thanks go to the stage crew for their help in making the plays, concerts, and assemblies a success.

Sportsmanship Promote Leaders

This year, more than ever before, the theme of good sportsmanship has been impressed on everyone's mind. Most of the credit for promoting this interest goes to the Sportsmanship Council. Under their guidance an intricate plan has been developed whereby all students will be much more aware of their responsibilities of good sportsmanship, not only at athletic events but also in all their contacts with school.

An annual movie program, "Laff Tyme," is the club's biggest money-making project from which most of the funds for purchasing new equipment are derived.

Introducing . . .

Cardinal Teens, a new club, was organized to encourage freshmen and sophomores to participate in Cooley's activities. New students at Cooley often feel that they can take no part in school activities, since they believe that only juniors and seniors can work actively in school affairs. The Cardinal Teens, whose membership includes both boys and girls, plan their own functions. With a club of this caliber, our underclassmen will become prominent school leaders in the future.

Music Festivals Feature . . .

Songs of adventure, romance, and the classics receive applause in the repertoire of Cooley's semi-annual concerts. Highest recognition is also due to two added features, the Vocalettes and the Dance Composition Group. The endeavors of both groups, which consist of girls extremely talented in the arts of singing and dancing, have made the musical events the two highlights of the year's activities.

However, they all left behind them a fine school, one that is grateful for their efforts and achievements.

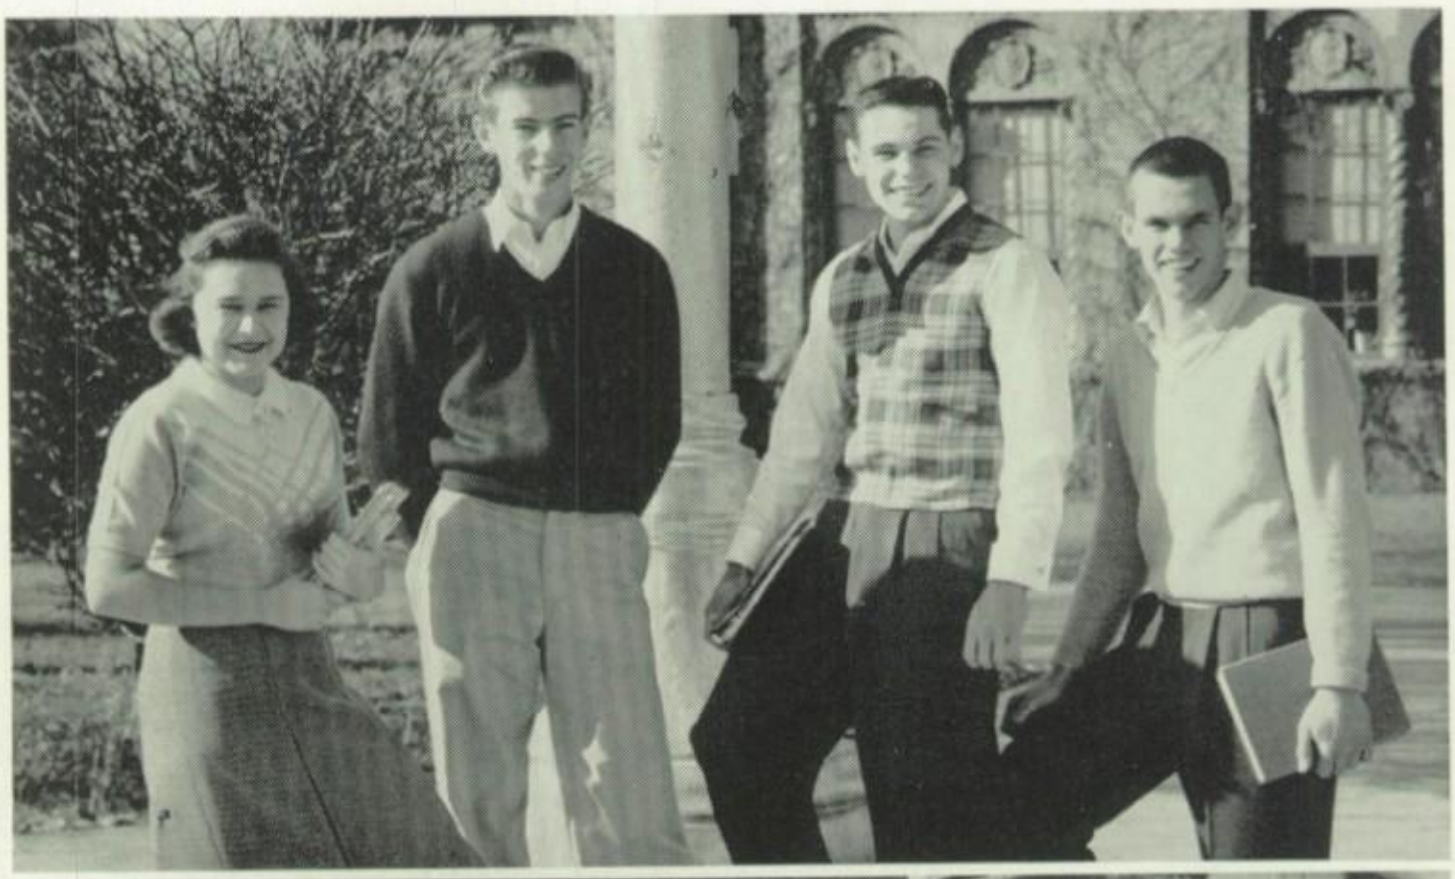
The fun has just begun . . .

June Graduates

Colors: Sky Blue and Navy Blue.

Motto: "Keep your eyes on the stars and your feet on the ground."



12B Officers: Bryant (Sec.), Matousek (Vice-Pres.), Bremner (Treas.), Turner (Pres.)

12A Officers: Callaway (Vice-Pres.), Davey (Pres.), Hinkle (Treas.), Baker (Sec.)

Amid an elaborate array of balloons, ingenious posters, and over-sized stuffed animals, the nominees for 12A officers waged a vigorous campaign for the coveted posts. Through a special assembly for the 12A's in which nomination speeches were made, the voters learned of the special qualifications of each person running for office. After the primary election the field of candidates was narrowed down to two nominees for each office.

. . . only the beginning

Ever stop to think what the world was like before electricity became everybody's servant? It's difficult to picture! Electric power serves so faithfully we just take it for granted.

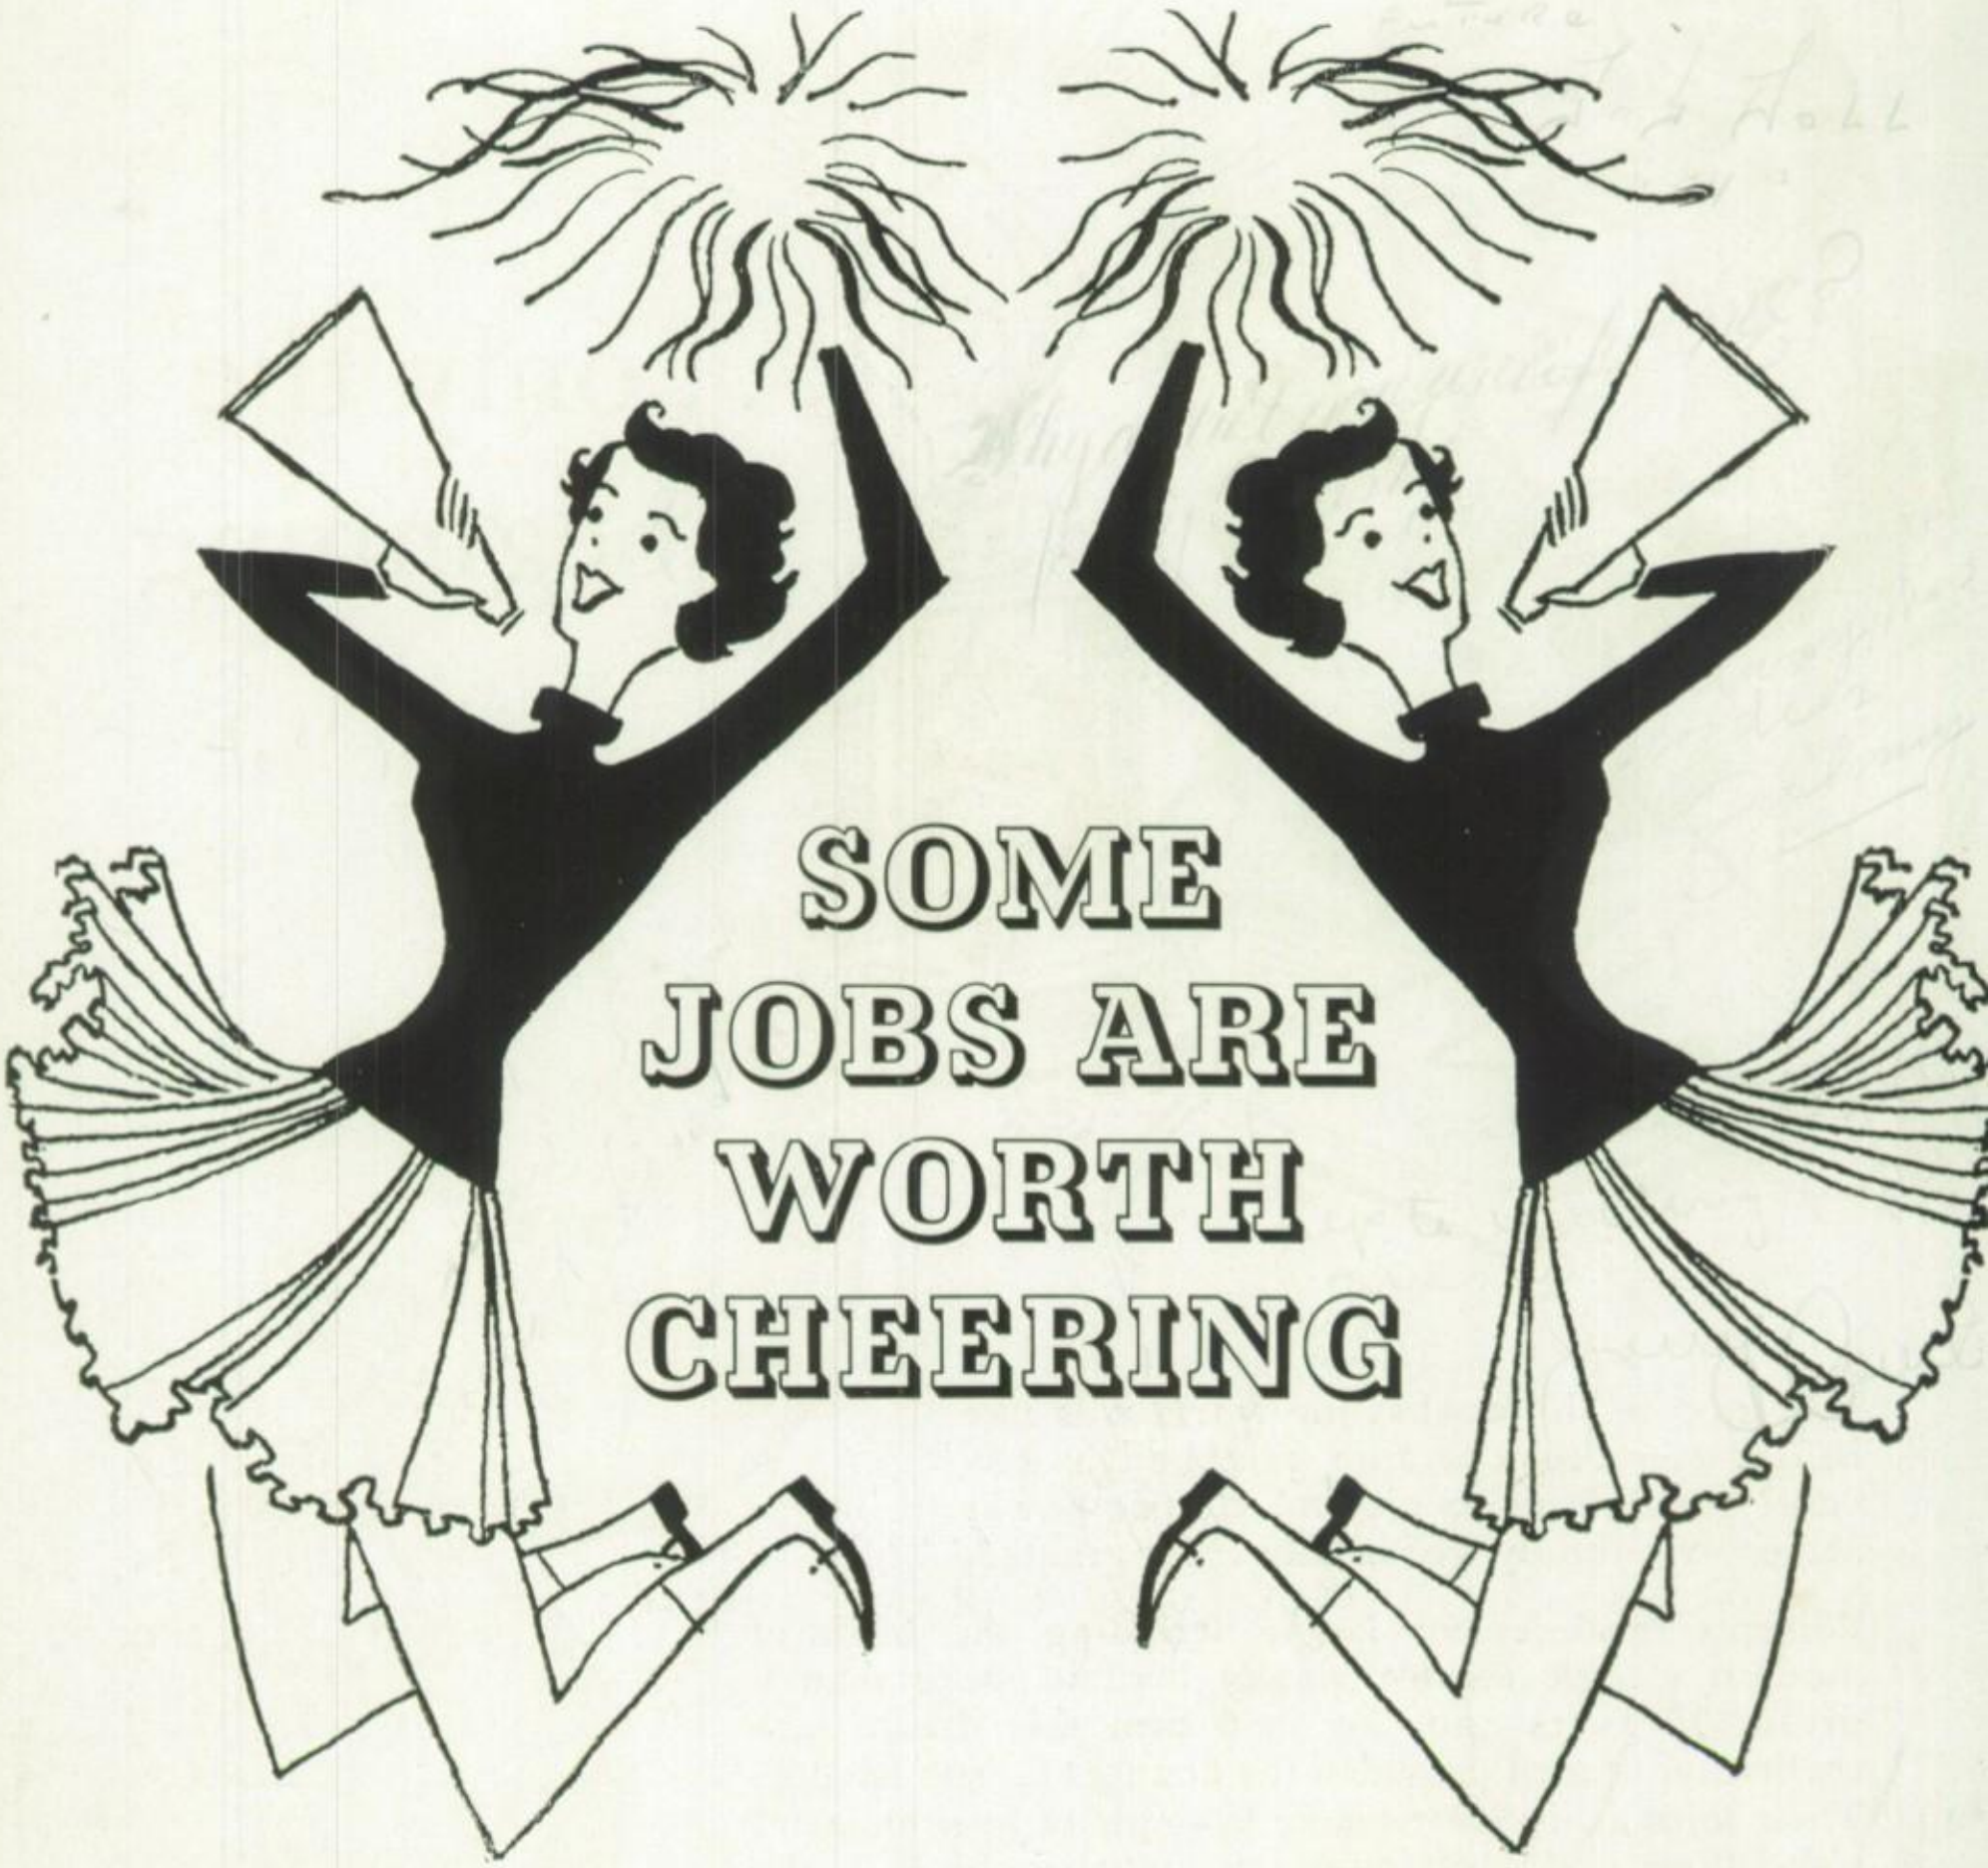
Edison's incandescent lamp, heralding the birth of modern electric service, finally became more than a dream 75 years ago. To help turn this dream into reality, other men provided the finances Edison needed. Their joint achievement is an example of how financial risk-taking and individual ingenuity combine to the benefit of all people.

But our present way of living is only the beginning. Electricity promises for the future still greater marvels and better service.

It requires men and women with many skills to provide this service. If you would like to work with such people why not get in touch with Edison's Employment Office?

THE DETROIT EDISON COMPANY

2000 Second Avenue, Detroit 26, Michigan



Take the Telephone Company, for example. Anyone who works for Michigan Bell will tell you it's everything a girl could want in a job.

First, you don't need any experience. You learn your job *on the job*, and earn a good salary while learning. Raises are regular and frequent. Your income is steady—you can always count on it—and you get annual vacations with pay.

Another nice thing about telephone work is that you'll associate with people your own age, just out of school, too. You'll work in clean, bright, pleasant surroundings. Whether you prefer to start as a telephone operator, a teller or a clerk, you'll find opportunities for advancement.

We'd like to tell you more about these and other interesting telephone jobs. Visit us soon, won't you?
